Let's create a community of daughters and sons where we celebrate the gift of life by offering a wave of love and gratitude to the Mother Presence, which is:

- *Divine and Universal*
- *Planetary and Earthly*
- *Within our hearts and in our Families*

Our ceremony will begin at 9 a.m. with a procession of powerful healing drums from Southern Chile. The voice of these kultruns is used to summon the universal heartbeat of the Great Mother and invite this rhythm to our ceremony for strength and restoration. We will pray for the visions we hold in support of all living beings and send that intention into Lake Michigan and out into the Four Directions. We will complete the celebration with simple chants for universal Harmony.

Please bring a flower, and a rattle if you have one; your desire to share the Mother Love with our planetary family should be present in your heart as well.
